Re: BOKS Grant Award Letter – School Year 2021 - 2022

Dear Newark Board of Education,

BOKS is a physical activity program that empowers school communities to improve their children physically, mentally, and socially through the power of movement. Backed by science, BOKS provides each school community with robust curriculum offerings, training, and on-going support to establish and maintain impactful programs serving the whole child. In an effort to close the fitness gap, the BOKS program is 100 percent free to schools so that children have access to extensive health and wellness opportunities of sport and fitness no matter their income level. We are thrilled to have Newark Public Schools as a part of our community of over 6,000 schools globally who believe that sport and fitness have the power to change lives.

Please allow this letter serve as notification that, through a generous donation from The Reebok Foundation, BOKS hereby provides the following 24 Newark Public Schools a grant in the amount of \$2000.00 each, totaling \$48,000 for the 2021-2022 school year.
